

# filmJet

MiNI series

## All-in-One DTF Printing System

Grow your business  
with the all-in-one  
Direct to Film system  
designed for **speed,**  
**quality & simplicity.**

# filmJet

Mini series

## All-in-One System

Printer • Powder Applicator • Oven •  
Air Filter • Integrated Mini PC and RIP Software

- The Filmjet Mini is a complete DTF printing solution designed for small to medium businesses.
- It delivers consistent, high-quality results with **no need for extra equipment** or complex setup.
- Whether you're just starting or upgrading your small shop, Mini Filmjet simplifies your workflow.

### QUICK PRINT

Drop your files via USB, network, or send directly from your smartphone over WiFi.

### EASY TO USE

Simple interface, short learning curve. All settings accessible from a color touch-screen panel.

### ENERGY EFFICIENT

Low energy consumption – less than 1 kW while in use

### SMALL FOOTPRINT

Compact design fits into tight shops – 1,3 m2 of space for Mini30 and 1,7 m2 for Mini60. Fits through standard doors.

### SILENT OPERATION

Reduced noise of shaking blade and print head carriage.

### ALL-IN-ONE

Includes:

- DTF Printer
- Powder Applicator
- Oven
- Air Filter
- Built-in Mini PC
- Pre-installed software

- ✓ **WET CAPPING AND WHITE INK CIRCULATION.** Prevents clogging and ensures consistent performance.
- ✓ **PRINT HEAD PROTECTION SYSTEM.** Extends head life with advanced protection.
- ✓ **MOTORISED PINCH ROLLER.** Easy and precise film handling.
- ✓ **VERTICAL OVEN.** Smooth powder curing with 5 heating elements.
- ✓ **PRE-HEAT:** Print heater under the print plate and post heater for quick ink drying

## Why Choose Mini Filmjet

- ✓ Affordable & reliable: The cost-effective solution to start in the DTF market.
- ✓ Backed by Polyprint: Supported by our 20 years of digital printing expertise and extensive dealer network.
- ✓ Warranty included: Your investment is protected with a 1-year warranty including the print heads.

### FILMJET DTF CONSUMABLES

Polyprint's Filmjet consumables (films, powders, inks) are fully compatible, ensuring reliability, consistent quality, and maximum printer uptime.

#### DTF FILM

Anytime peel. Filmjet Films deliver reliable, high-quality transfers for any DTF application.

#### DTF INK

Developed for reliability and consistency, Filmjet Inks Series delivers vibrant colors, deep blacks, and superior white opacity with less ink.

#### DTF POWDER

Filmjet hot melt adhesive powder ensures a soft, flexible finish with superior adhesion to synthetic and natural fabrics.

### WHO BENEFITS

- ✓ Small-to-medium businesses wanting to bring production in-house.
- ✓ Shops with limited space or budget.
- ✓ Entrepreneurs needing quick turnaround and full control of quality.

Print Easy.  
Print Smart.  
Print Anywhere.
